

Neighborhood Network MIDDLEBURY MEETING

Taking Action in Middlebury

Ideas into Action for a Better Neighborhood

We want to invite all residents/neighbors, community leaders, and nonprofits in the area. We are going to discuss steps we all can take and the different ways to make a difference on Housing, Safety, and other Neighborhood Issues. We will reflect on what resources are currently in use for the concerns and how we organize around addressing these issues. We all have something we can do to make the community better, now is the time to take action.

Join us!
